SECRETARY OF STATE  
STATE OF IDAHO

**Biographical and Qualifications:**

Gayann DeMordaunt, 50, has been serving Idaho for more than 15 years. She serves on several boards including the Red Cross of Greater Idaho, and the Idaho Public Charter School Commission. Gayann and her husband, Reed, have started several small businesses, are the parents of six children, and have lived in District 14 for fifteen years. Gayann has a bachelor's degree from Brigham Young University.

**Priorities:**

**EDUCATION:** Direct, results oriented investments in Idaho classrooms are critical to giving Idaho kids the brightest future. Gayann believes that local control of education is best for students. More importantly, she believes that the greatest form of local control is a parent's choice in their child's education.

**ECONOMY:** Gayann DeMordaunt believes that job creation of good high-paying jobs happens when government gets out of the way of business. To support the growth of Idaho businesses and attract new business to the state, Gayann is committed to low taxes and limited regulation.

**LIMITED GOVERNMENT:** As your representative, Gayann DeMordaunt will look to contain government overreach. Government should be transparent, ethical, and limited.
