1. *Biography-* I was raised in Kootenai County. I have a long rich family history deeply rooted in North Idaho, and I continue this tradition with my three children: Ashley, Max and Maddie, whom are all currently attending Lakeland schools and North Idaho College. My father served with and retired from the Kootenai County Sheriff's Department, after a long and distinguished career and my mother as a nurse with Kootenai Medical Center and Hospice for well over 20 years as well. I graduated from Coeur d' Alene High School and continued my education at North Idaho College and Idaho State University. I have been serving the citizens of North Idaho as a firefighter since 2001 and I currently serve as a Captain with the Northern Lakes Fire Protection District which proudly serves the Hayden, Rathdrum, Twin Lakes, Garwood and Hayden Lake areas.
2. *Why vote for me? My top priorities?* - I believe that Idaho families come first. Idaho most definitely needs a healthy education system and I will be supportive of education. I believe that Jobs and the Economy should be a top a priority. I believe the government must be both effective and accountable. I am a proved, dedicated public servant who believes in limited government and that our legacy depends on top notch education and a healthy economy. EFFECTIVES, EDUCATION, JOBS
