2 grandchildren

Qualifications:

3rd generation Idaho Native

Elected to Idaho House of Representatives

Majority Leader, Idaho House of Representatives

Member of the National Rifle Association (NRA)

Star Fire District Commissioner

Why should voters vote for you and your top priorities?

Reducing Our Tax Burden. I will fight to lower our tax burden here in Idaho. Idaho's individuals and businesses are paying higher taxes than they should - especially when you look at our surrounding states. Idaho needs to be more competitive in order to support our families, our schools and our economy.

Protecting Access to Our Public Lands. I love the Idaho outdoors. I have spent a lifetime enjoying the natural resources and recreational opportunities in our state. I want to make sure that my children and grandchildren get to enjoy the same opportunities I have. I support keeping these lands open to the public and do not support the sale of these public lands.

Choice in Education. As a father of three children (who attended public schools), and now a grandfather of two grandkids, I recognize that an excellent education system benefits both our families and our communities. I will work to provide choice in education and focus on ensuring our education dollars are spent with accountability.
