PO Box 2223
Coeur d'Alene, ID 83816

Biography:

Born and raised in Spokane, I am 62 years old. I earned my BSN degree from Pacific Lutheran University in Tacoma and my Masters degree in Health Education from Whitworth University in Spokane. I worked as a critical care nurse and clinical nursing instructor for 10 years.

My husband of now 37 years, Rick, and I moved our family to Coeur d'Alene Idaho almost 30 years ago. We had a fledgling business at the time, which is now celebrating its 32nd year. I left nursing to help with the business and was General Manager for about half of those years, but have since concentrated on community involvement, and now the State Senate.

Rick and I have 4 wonderful, grown, and very successful children and one darling granddaughter.

Why vote for me?: Because I care about citizens' rights and believe government must be more accountable to the people.

My top priorities:

- Education
- Elections
- Accountability
