Greetings Voters of Idaho,

SECRETARY OF STATE  
STATE OF IDAHO

My name is Daniel S. Weston. I am running for the Idaho Legislature representing District 20 Seat A in Meridian. I am endorsed by the Constitution Party of Idaho, and my friends and neighbors who have urged me to run again. My Facebook page is WestonForHouse. Please contact me through Facebook Messaging, or make comments to my posts. I check it daily and respond as quickly as I can.

I am 43 years old with two wonderful children. I run Weston Securities which includes West Wild Fire Services and Sun Ray Stables. I am a full time parent, truck driver, and a seasonal wild land fire engine Captain and a Nationally Certified Wild Land Fire Instructor. I also teach riding lessons for children and adults. I hold a Masters from Boise State in Education, and a B. A. from the University of Rochester, Rochester, NY specializing in Arabic Language, Political Science and History.

I have been a volunteer firefighter and EMT for over 20 years. I have served as a Wild Land Fire Engine Captain for over ten years and was a founding member of the Boise County Fire Academy, serving as the Training Coordinator and an instructor. I was an active Lions member when I lived in Parma, and I am currently going through the degree work to become a Mason. I have been a Foster Parent and a junior high school teacher.

I am running; because the current legislature is controlled by a very small group of people. If voters are going to have a voice in our state laws; more than one voice must be heard. I am running to provide protection order reform that protects children and the falsely accused of their right to due process. I would endeavor to have more state management over federal lands. I have seen first hand the devastation caused by federal management practices in use today. I believe health insurance should be regulated like home owners insurance and car insurance. There should be no gap and more options at low costs in the Private Sector of Health Insurance. In short, I would work on tailoring Obama Care to fit Idaho's needs. I believe the tax on food in the grocery store should be eliminated for everyone. Currently Food Stamps recipients have more purchasing power than the rest of us. Since everyone needs to feed their family I believe this is a fair option. I am a life time gun owner and firmly support Constitutional Carry with one addition. Everyone needs a hunter safety course for safety reasons and safe gun handling. If we need a safety course to go find Bambi in the woods, a low cost safety course to carry in the grocery store would make this law stronger and withstand the legal scrutiny of the court system where it will most assuredly be challenged.

Finally, I campaign by riding my horse through the neighborhoods of my district and stopping to meet my neighbors. I hope to see you out there. Thank you for taking the time to read this, and even if you do not vote for me, please vote.

Sincerely,

Daniel S. Weston
