SECRETARY OF STATE  
STATE OF IDAHO

Vote for Tari Jensen!  
House Seat 28A  
Pursuing Prosperity for Idahoans  
Treasurer Tari Jensen

My name is Tari Jensen. I was born in Pocatello at the old Saint Anthony Hospital to my fun and bubbly mother Marilyn Condie Henson and chose my father Stanley L Henson when I was 3 years old. I attended Pocatello Public School graduating from HHS. I Graduated from ISU with a degree in Business Management.

I have been married to my best friend for 42 years and have three wonderful children and 5 super grandchildren. My family is four generations deep in SE Idaho. Jones' from Malad, Condie's from Downey, Hillman's from Swan Lake and McCammon, Greens from McCammon these are my roots. I have personally lived in Pocatello, Chubbuck, and mostly in the Bannock County. My husband is an avid boat person so we have spent many many hours in Power County. We have lived primarily on acreage properties and had horses and chickens and all that goes with it.

I have spent most of my adult life working in some form of Real Estate. We have developed and built over 300 homes subdivided raw ground into subdivisions, managed commercial properties, owned residential, commercial and storage unit rentals and I am a licensed Real Estate Broker and own my own company.

So I was asked "Why do you want to run for office?". Here are my answers.

**1. Serving on the Open Space committee for Pocatello and currently on the Planning and Zoning Commission for the county** there are many issues that have come out of those meetings that need to be dealt with on a legislative level that deal with personal property rights. A big concern of mine is when City and County governments take away someone's right to use their property based on a theory or a desire to control. Government agencies should have to prove the science and the need before they take someone's right to use their property away.

## **2. How do you become a great Legislator?**

I believe you need to be a great listener, value all of the people in your district and respect all ideas. Then you have to make the decision of what they want you to do. I always found Ken Andrus to be approachable and a great listener. I think you have to be willing to learn about a vast array of subjects, be a quick study and in touch with the people of your area.

## **3. Key topics in this state.**

**Education** is a concern.

I am committed to the concept that to move a society forward you need to be continually learning. Promoting great thinking is certainly to the entire states benefit. I believe education comes in many packages and forms. All of it is valuable.

**Health Insurance** is a continual problem. I am not an insurance agent nor a provider so I would listen to constituents in my area to see where the needs are.

**Regulation of private property rights and the overreach of big government** We need to be very careful of allowing government to interfere with the rights we enjoy. If an agency or a city or a county believes they can take away the rights of our citizens to use their properties how they choose they should have to prove why it is necessary.

Finally we need **job growth in SEI**. Jobs that pay a decent wage. Nobody is coming to save us so we will have to save ourselves.

Treasurer Tari Jensen

#### 4. Who are you?

I think it is easier to look at someone's actions to determine who they are.  
So first and foremost I am a daughter of God a wife a mother and a Grandmother a sister an aunt and a trusted friend.  
I was educated in Pocatello and graduated from ISU with a degree in Business management.  
I have served as a den mother, District Day camp Director, I am Woodbadge trained.  
I have served in many positions in my Church.  
I have worked for the School district and been PTA president for Ellis Elementary  
I am a past President of the SEI Building Contractor Association and Builder of the Year for the State of Idaho  
I am the current President of the Kiwanis Pocatello Club  
I have served on the Bannock County Fair Board, Pocatello Open space Committee, Bannock County Planning and Zoning.  
Currently serving as secretary to the state Republican Women and SEI republican women  
I make a living by owning Safe-T- Gard Storage, Spring Creek Real Estate and Spring Creek Homes.  
Ultimately I believe in lifting each other to a better place. I pursue light and goodness.  
I pursue prosperity for all around me.

Why should you vote for me? Hmmmm. I have asked myself that same question. Your choice is a History Teacher, An Insurance Salesmen, An investment person or me a true entrepreneur. Pretty good choices. Might be hard for you to choose.

The best compliment I ever received was this. Ulysses S Grant was said to not be a comely man but where ever he went things just got quietly better and my friend said that is how I am. I would like to make things quietly better for SEI.

My family is 4 generations deep from SEI Condies from Downey, Jones' from Malad, Hillmans from Swan Lake and MCammon, Greens from MCammon and Jensens from Pocatello. I am invested in this area and have been for a long time. My roots and my loyalty runs deep. I am a hard worker not afraid to invest the time to make a project work.

So you get to decide who would serve you best. I would be honored to be your choice.

Thanks for taking the time to read this,

Tari Jensen
