Why vote for me and top priorities:

Education: Idaho's education system is one of the lowest in the nation, and I will work with other legislators to solve this problem. Let's give Idaho's students the tools they need to catch up to the rest of the nation. "Don't Fail Idaho" is a great awareness campaign. Now that we are aware of the needs, it's time to make this a reality. Education end product are the students. It is our responsibility to fulfill the needs, structure, and financial capability for the students and the future of education in Idaho.

Idaho's wages are among the lowest in the nation. As a result, it's hard for a working family to make ends meet. We need to encourage start up companies and help encourage existing companies to expand to Idaho, Economic development incentives are paramount for the state and North Idaho. The beauty, lifestyle and people of North Idaho enable the opportunity for positive growth.

My name is Pat Mitchell. I am a lifelong resident of Kootenai County and a product of the Idaho education system. From kindergarten through the University of Idaho. I understand all the issues and would be proud to work diligently for District 4 Representative.

Very Truly Yours;

Patrick P. Mitchell.
